

**Important Note:** The ACDA is changing the naming convention of the newsletters. Historically, this edition would be called the 'Summer' newsletter. However, we are going to start publishing the newsletter with the name of the current season instead of the trailing season. This newsletter is the transition newsletter and is called Summer/Fall 2016. To view this edition of the newsletter, please select "Fall" for 2016. We aren't skipping any Newsletters. The newsletter coming in ~3 months (January) will be Issue 58 and will be called Winter 2017.
